**Paragraph**

**Text**

Basic text. Add any superscript, subscript and other visual styles. Be brief and keep your message clear and concise. Add a few bullet points if needed to make it easier to read.

For a more formal, well-written text add any additional information or context you need to make this field as descriptive and meaningful as possible. Add some tips and images, and keep sentences as clear as possible.

**List**

- Industry-specific knowledge or domain expertise.
- A strong and established reputation.
- A history of successful partnerships.
- A commitment to ethical business practices.
- A focus on long-term relationships.

**Block Quote**

"Following the quality of our service thus having gained trust of our many clients."

**Button**

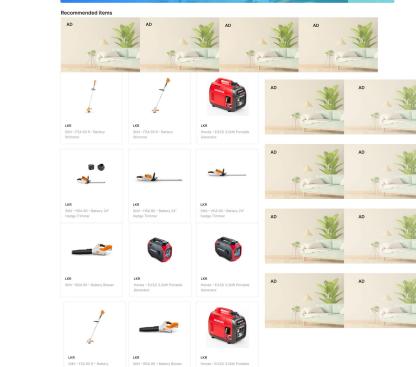

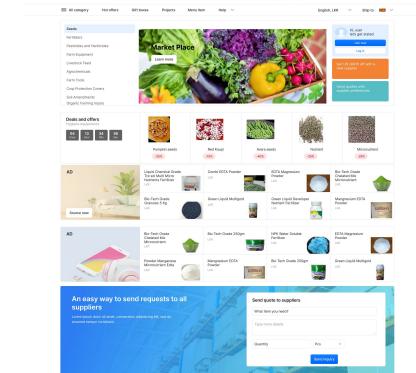

Default	Hover

**Icon**

A collection of various icons including a magnifying glass, a gear, a person, a document, a mail, a phone, and a gear.

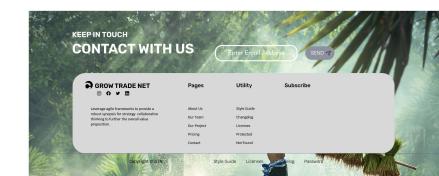

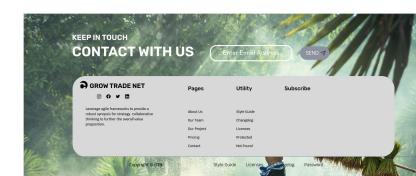

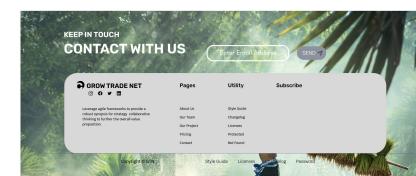

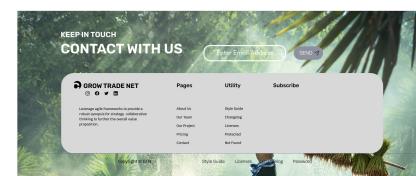

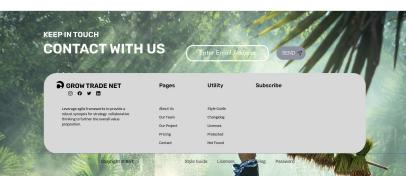

This page is where the exporter can manage their product listings for export. It should include the following components:

- Product Listing Cards: Each card represents a specific crop or product available for export. It should display essential details such as product name, image, quantity available, price, and status (active/inactive).
- Search and Filter Options: Provide search and filter options to help the exporter quickly find specific products among their listings.
- Add New Listing: Include a button or option to add a new product to the exporter's listings.
- Edit and Delete Options: Allow the exporter to edit or delete existing product listings.
- Status and Visibility Controls: Provide the ability to activate or deactivate product listings for better control over availability.

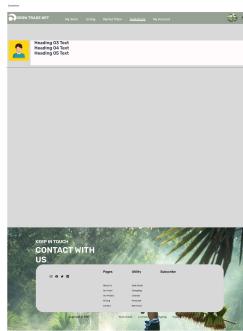

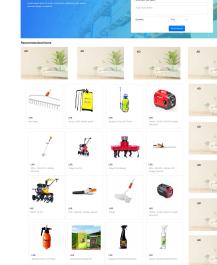

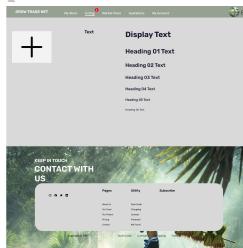

This page is where the exporter can manage their account settings and view important account-related information. The page should contain:

- Profile Information: Display the exporter's profile details, such as name, contact information, company details, and a profile picture.
- Account Settings: Provide options to update account settings, including password changes and notification preferences.
- Payment and Invoices: Show payment-related information and a history of invoices for transparency.
- Activity Log: Display a log of recent activities and transactions made by the exporter on the platform.
- Support and Help: Include access to customer support and help resources.
